SceniX™

Prepackaged Do-It-Yourself Vinyl Fence System

VINYL FENCE SYSTEMS

INTELLIGENT DESIGN FOR A SIMPLE INSTALLATION

SceniX's™ prepackaged kits make it easy to achieve professional results with do-it-yourself simplicity. All trimmed edges and provided fasteners are concealed for a clean finish. Installation time and cost are dramatically reduced. Engineered for lasting performance, SceniX is the obvious choice for maintenance-free durability, strength and beauty.

RAIL END BRACKETS

SceniX rail brackets slide easily into place on any of the four post faces and can be easily aligned by adjusting them up or down prior to fastening.

FOUR-CHANNEL POSTS

SceniX's patented 4"x4" post design features decorative channels on all four post faces for use as a line, corner, three-, or four-way post, to satisfy each and every application.

Galvanized Pipe Insert to reinforce Bottom Rail

RAILS

Each SceniX fence kit contains the appropriate slotted rails to accommodate privacy panels. Simply drop panels into the bottom rail and slide the upper rail into position to enclose the exposed edges. It's that simple!

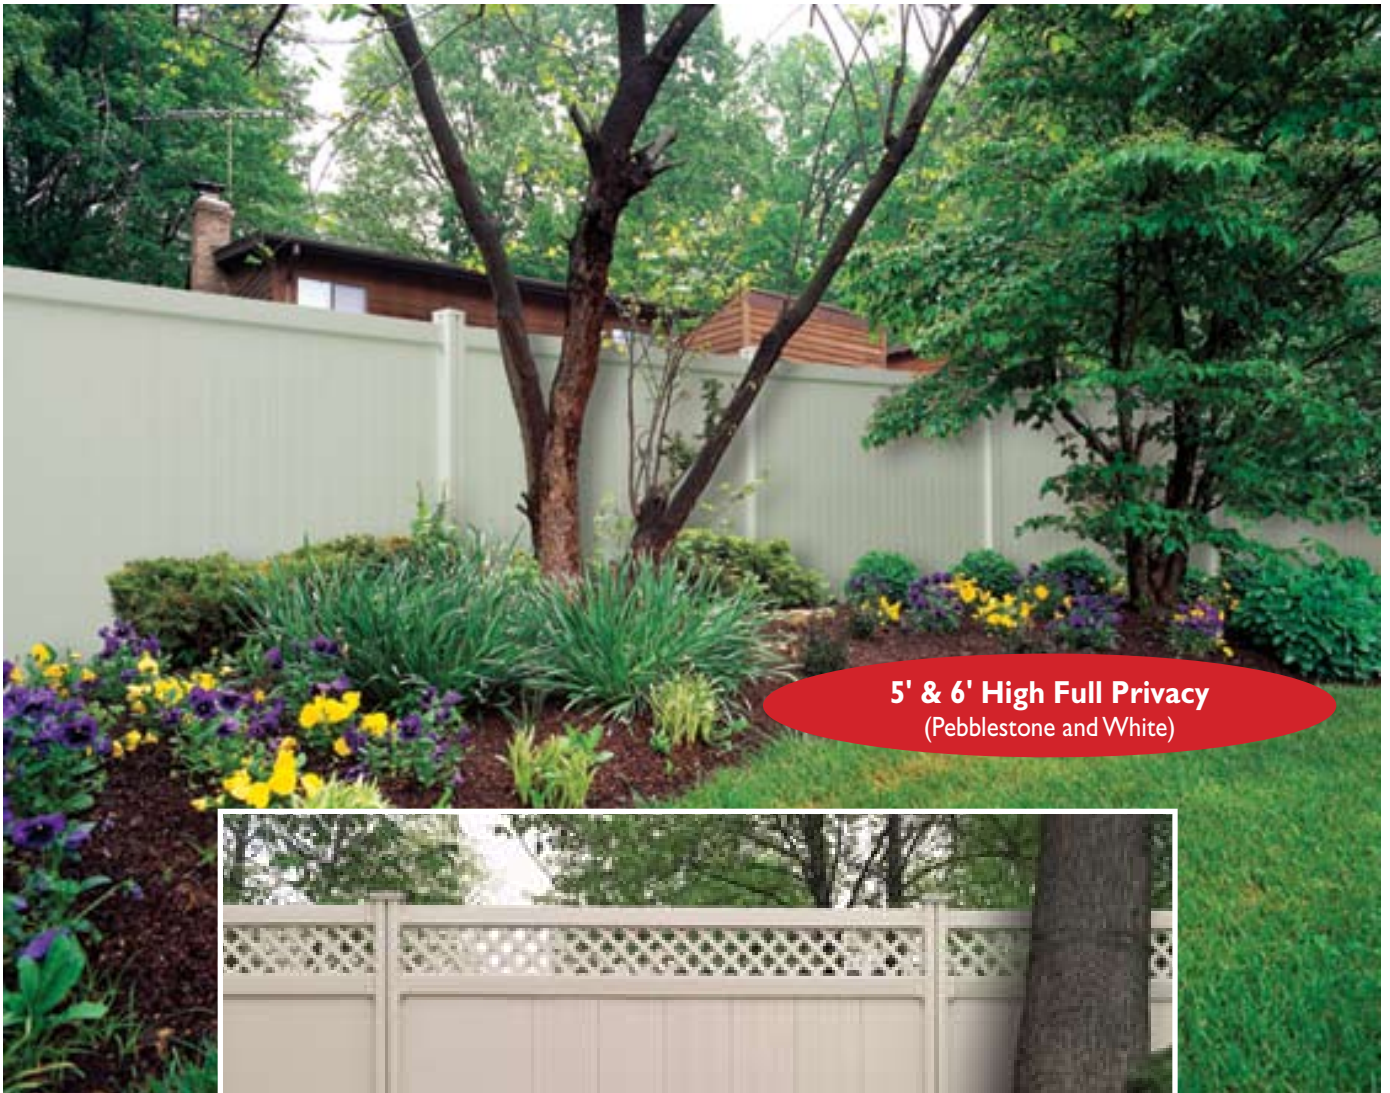

ADJUSTS EASILY TO SLOPED TERRAIN

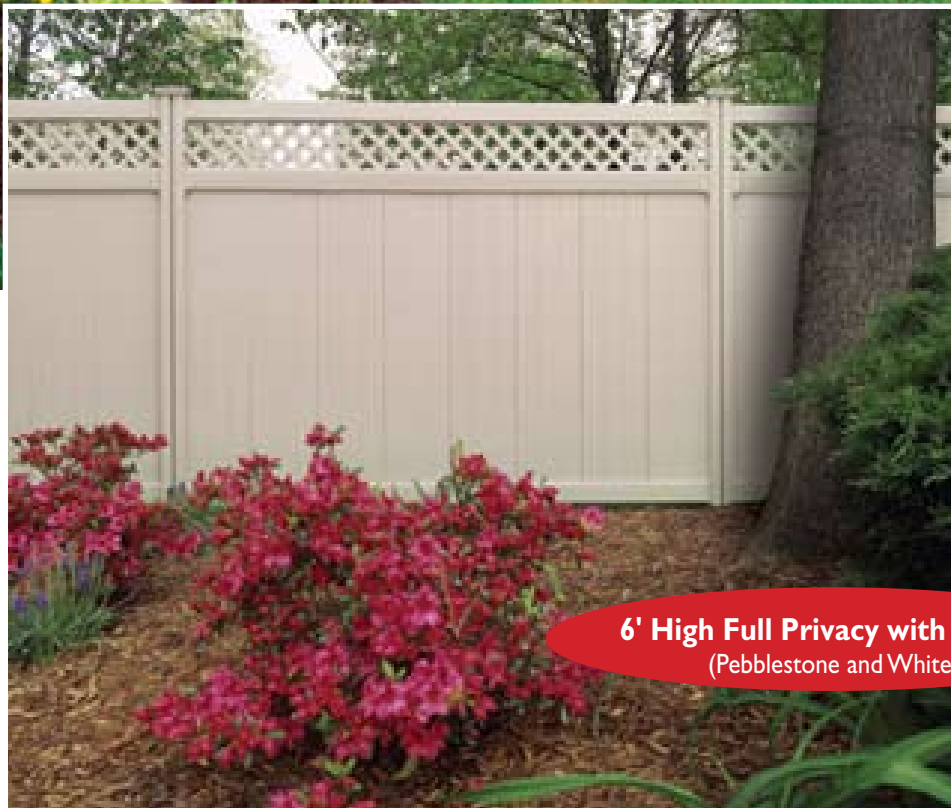

SceniX post channels and adjustable rail end brackets make it easy to install your fence on sloped or uneven terrain. Simply slide the bracketed rail to the desired height in the post channel and step the fence to accommodate the grade change.
